

FIFTH GENERATION CABERNET SHIRAZ

Still family owned since 1858, Tyrrell's are a wine company rich in history and pioneering achievements.

Bruce's children, Jane, John and Christopher are all involved in the company in both sales and winemaking which ensures a continuing family ownership for the company well into the future with the fifth generation.

TASTING NOTES

Vibrant plum red in colour; the nose is appealing with sweet berry fruit, and hints of earth and spice. Designed for its softness and 'immediate drinkability', the palate is quite full flavoured, with spicy peppery overtones from the Shiraz, and blackcurrant flavours from the Cabernet. Medium weight tannins balance the acid resulting in a smooth, pleasant finish.

WINEMAKER'S NOTES

The wine components were fermented separately in stainless steel fermentation tanks and hand plunged in open vats. Maturation took place in large oak casks with a small component in 3 to 5-year-old barriques.

Alc 13%

SERVING SUGGESTIONS

An easy-drinking red wine which matches well with beef or roast lamb, whilst also suitable with poultry or game bird dishes.

OTHER WINES IN THE RANGE

- Fifth Generation Classic Dry White
- Fifth Generation Premium Brut

Australian Family Owned for 150 Years
